15th June 2026,

To Whom It May Concern,

RECOMMENDATION LETTER FROM NIPPON GLOBAL SL:

It is with great pleasure that I, Amit Sawhney, *Managing Director* of **Nippon Global SL**, write this letter to recommend strongly Mr. David Mintz, *Chief Executive Officer* of **JBM Inc.**, headquartered in Foxboro, Massachusetts, USA.

Mr. Mintz has been actively engaged in international trade for well over a decade and has consistently demonstrated exceptional professionalism, business acumen, and entrepreneurial vision. Working alongside his father, Mr. Jerry Mintz, David has successfully built and expanded several food brands in the United States, with a particular focus on premium olive oils, olives, and specialty sauces. His leadership has been instrumental in securing placements within renowned retail channels such as TJ Maxx Corporation, ensuring broad distribution across the United States. He also possesses extensive experience working with other major retailers, including Ross Stores and Burlington, further strengthening his contribution to the specialty food category.

Among his notable achievements is the successful development and growth of premium brands, which offer a carefully curated range of olive oils, table olives, and gourmet sauces. Under David's guidance, these products, have established a strong presence in the U.S. market and continue to expand their reach across multiple regions. His commitment to product quality, brand development, and consumer satisfaction has been a key factor in the success of these product lines.

Over the past decade, Mr. Mintz has maintained an exemplary business relationship with Nippon Global SL. His integrity, reliability, and consistent on-time financial settlements have contributed significantly to sustaining a long-standing and trusted partnership. His meticulous approach to record keeping, logistics coordination, and professional communication reflects a high standard of business excellence.
